

JAN 2019

Donation Amount: \$2465.00

Pictured above, CINI Australia board members Peter, Jennie (founder of CINI Australia) and Anne, stand with Dr Rumeli Das, the head of CINI's IICCHA and HIV program. Every year representatives from CINI Australia's board fund a trip to India to witness the amazing work done to change the lives of mothers and children in Kolkata and to make sure all funds are getting to where they're needed. This year CINI is celebrating 45 years of creating brighter futures for thousands of mothers and their vulnerable children.

We are very proud that our funding of \$15,026 over the last five months has made this IICCHA and HIV program possible. We look forward to hearing more about the impact of the program and how lives are being changed.
