

# MAR 2020

**Donation Amount: \$1500.00**

The donations we've been providing to CINI Australia, every month since August 2018, are very important. So whilst business has slowed very significantly due to the Coronavirus, we've continued with our donations; giving \$1500 in March.

All of our lives have changed dramatically over the last few weeks, and rather than sitting around feeling sorry for ourselves, it's a good time to remember the many people far less fortunate situations.

Here's a cute photo of a little girl being taught to wash his hands properly, at a handwashing station in West Bengal.
