

JAN 2021

Donation Amount: \$2730.00

Many schools in India are still closed down due to COVID. Amongst other things, our funds are being used to pay for field workers, who make sure that poor children in slums and rural areas can continue to learn. Both through village visits and online. Education is an essential step out of poverty, so CINI have adapted their programs to reach these children at risk, to ensure they are not further disadvantaged with COVID.
