

2021 DONATION TOTAL

\$30,799

2021 DONATION TOTAL

Donation Amount: \$30,799

We're proud to announce our total donation amount of \$30,799 in 2021. Our donations have predominately been used to fund and sustain programs focused on children affected by HIV. We have supported 174 families, with 220 children. 110 of whom have HIV and the other 110 with either one or both parents who have HIV or have died from HIV. The program provides food packages with important staples (rice, wheat, soy beans, chick peas, oil, nuts and sugar). Proper nutrition is essential for children with HIV. The program also pays for support workers to visit the homes of these children (approximately 60 visits per month), to ensure they have access to medicines, special home tutoring and other support.
