

2022 THIRD QUARTER

Donation Amount: \$4282.00

Throughout the third quarter of 2022, Modus Property has continued to support CINI Australia.

Amongst other things, CINI has used our funds to help 29 families who have HIV and struggle to cover basic food costs by setting up kitchen gardens. And another 30 families are raising chickens. This gives mothers more confidence and independence to feed families well.

Hosanna, pictured below said “The price of the vegetables in the market are high now. So I planted my own kitchen garden, and now I cook from it to feed my children. And can make sure my children get the nutrition they need”
