

2024 FIRST QUARTER

Donation Amount: \$5150.00

In February 2024 the Child In Need Institute turned 50 years old and had a week long celebration. I was privileged to be invited along and was very keen to visit and see first hand the programs which Modus Property has been supporting for more than 5 years. So I took a trip over to Kolkata.

I already knew that CINI did amazing work, but there's nothing like seeing it for yourself. The staff were all so engaged and I could see that working at CINI was much more than just a job to them.

The kids in the various programs were also super enthusiastic, and really wanted to learn and develop their skills which they were being taught.

It was very motivating to see first hand how much of an impact our donations have been making.
