

May 2018

Over the last 7 years with the help of an amazing team of people, Modus has become a successful and sustainable company. Having achieved many original goals, it becomes ever more apparent that the pursuit of material gains, is one of diminishing returns. Once you have enough to be somewhat comfortable (and in Australia most of us are there), having more really doesn't make much difference.

Since May 2018, we have decided we will donate a portion of our company revenues to worthy causes.

We're only just starting out but already the donations are making a meaningful difference to the lives of many. We hope that as we continue to grow we can make an ever increasing positive impact.

We couldn't do this without our outstanding team, so a big thank you to all of our team members!

And also of course to our clients. We strive to serve you to the highest standard each and every time. Thank you for your support in allowing us to do something that matters.
